### *Our auction venue*

The Royal Society for the encouragement of Arts, Manufactures and Commerce was founded in 1754, by William Shipley, a drawing master from Northampton, who assembled a group of the most eminent artists, philosophers and scientists of the day and declared that the objectives of his Society were 'to embolden enterprise, to enlarge science, to refine art, to improve our manufactures and to extend our commerce. The Society moved to its present premises, which were purpose built by the Adam brothers as part of their Adelphi development, in 1774.

### *Our logo*

A. H. Baldwin and Sons Ltd., founded in 1872, has had premises in The Adelphi since the 1920's and since 1970 at 11 Adelphi Terrace. The original terrace was demolished in 1936. The drawing is derived from part of Robert Adam's original plans for his Royal Terrace, and depicts the house at the West end of the Terrace at the corner of Robert Street.

## Greek Coins and the Persian Empire

The collection of the late Professor James C Brindley

James C Brindley (1919-2001) was Professor of Geology in University College Dublin. As a very young graduate, his first employment was with Burmah Oil in Burma, followed by a period in India and then at Imperial College, London, to pursue research. Fascinated by ancient history from a very early age, his particular interest in numismatics was aroused when he found some Roman coins in a box of miscellaneous oddments at an auction. His collections have included Kushan Kings of India, Parthian coins, and Roman coins, especially with Christian motifs, all disposed of separately.

It was to the coins represented in this sale, of those territories which owed allegiance to the Persian King, that he found himself mainly attracted, and here he found a subject for ongoing research. Coins of the communities ranging round the shores of the East Mediterranean, from Caria and Lydia in Asia Minor, to Cilicia and Cyprus, and also those regions where native cultures remained dominant, Syria, Phoenicia, Palestine and Egypt, until all Persian influence was swept away by Alexander the Great: these were all part of his study. The coins are represented in the collection sometimes in considerable quantities, sometimes in small numbers, but always with a due regard to the place of the smaller denominations in the coinage. The collection contains a greater number of coins of the chosen territories than many public collections, and is almost of Sylloge standard.

The catalogue begins with examples of the Persian royal issues, with a comprehensive selection of the Siglos coinage. The cities in Caria (to which territory some once homeless "Satrapal" coins are now attributed), and Lycia are modestly represented, as are Pamphylia and Pisidia. It is with Cilicia and Phoenicia that the coinage was studied and collected in some depth, and the mints of these territories are particularly well represented. There is a group of coins of Syria, including Bambyce, of Palestine, and especially Samaria. Cyprus is also present. Throughout, the collection contains numerous examples of that fractional silver coinage for which the region is well known. Scholars have regularly attributed these anepigraphic coins differently, and this collector enjoyed the challenge offered by them.

James Brindley was a member of the Royal Irish Academy, a member of the Board of Visitors of the National Museum of Ireland, and a visiting Professor at Chandigarh, India. After his retirement, he spent several months each year in India, where he was interested in the conservation of the tiger.

A compact disc has been produced as a supplement to this catalogue of James Brindley's collection. It archives every coin in the collection in colour and at very high resolution. The CD can be ordered from Baldwin's Auctions Ltd for £5, while stocks last.

## Information for New Bidders

Admission to the auction and participation is free once you have a copy of this catalogue.

You are encouraged to view the lots before the sale and attend the auction in person. Viewing of the lots may be done at your leisure, by appointment, in the week prior to the auction.

The catalogue is printed with estimates alongside each lot. This is intended as a price guide for interested bidders. Although it is our opinion of the value of the lot, bidders should be clear in their own minds what each lot is worth and should be prepared for prices to rise if there is competition for the lot. All lots can realise hammer prices both above and below the printed pre-sale estimate. In normal circumstances, each lot is reserved at 80% of the lower estimate and bids below this are very unlikely to be accepted.

Bidding may be carried out by you in person or by a representative of your choice (please ask a member of Baldwin's staff for more information on this). To collect your bidding number please visit the registration table outside the auction room. Please ensure that you arrive in plenty of time for the lots you are interested in. A time guide is printed at the front of this catalogue and approximately 200 lots are sold per hour. However, bidders are reminded that this is a *guide only* and Baldwin's cannot be held responsible if you miss your lot.

Alternatively, bids may be submitted by filling out the bidsheet found in this catalogue. They may be posted, emailed or faxed to the Baldwin offices up to 24 hours prior to the sale. Please include a street address in your email. Bids may be left by telephone at the bidder's risk and must be confirmed in writing.

## Information for Potential Sellers

We produce quality catalogues which are an expertly researched selling tool for your collection. These can be personalised to create a lasting record.

Our catalogues reach a vast international clientèle which is constantly augmented by our presence at international coin shows including London, New York, Munich, Singapore and Hong Kong. This promises favourable results when we auction your coins.

Our seller commission begins at 15% (+VAT) but may be reduced for items of high value or whole collections. Please ask a member of staff for more details. This is the only charge that applies. We make no charge for photography, storage or insurance and there is no fee for lots that do not sell.

Absentee bids left with Baldwin's Auctions are executed by the auctioneer against all other bidders. Participants should supply their highest bid for each lot. Lots will be purchased as cheaply as possible against all competition. Absentee bidders will not be contacted prior to the auction if their top bid has been exceeded. Bidding begins below the low estimate and if yours is the only bid you will win the lot for the opening price no matter what your top bid may be. In the event of identical absentee bids, the earliest received will take priority.

If you are bidding in our auction for the first time, please give us the name of another dealer or auction house that knows you well as a reference. If you are unable to do this, we can only send you your lots after your invoice has been paid in full.

Invoices will be prepared on request during and after the auction. These will indicate the total due to Baldwin's Auctions Ltd (including postage and insurance costs). Invoices will be posted to mail bidders two days after the auction has ended. Full prices realised will be included with each invoice posted and are available on request shortly after the auction.

The price paid by the bidder is the hammer price plus 17.625% buyer's premium (including VAT). Book lots are not subject to VAT. Lots exported outside of the European Union may not be subject to VAT where Baldwin's Auctions Ltd hold proof of export. Ask Baldwin's for more details where this may apply to you.

For lots sent by post a standard minimum charge of £4.11 will be applicable for UK customers. Postage and insurance will be charged at cost for larger shipments and those outside the UK (minimum £7.11). Bidders are encouraged to arrange their own collection/shipment wherever possible.

Baldwin's are pleased to offer free verbal valuations of your coins, medals and banknotes and also clear independent guidance for their sale by auction or direct purchase.

At the point of consignment you will receive a signed receipt which details our conditions of sale. You will receive a full listing of your items in the sale and a free copy of the printed catalogue at least three weeks before the sale date.

Payment to sellers takes place one calendar month after the date of the sale. Consignors are not required to pay any money before the auction as all charges are deducted from the final settlement.

Baldwin's Auctions Ltd. shall not be liable for errors or omissions in executing any bidding commissions. We cannot guarantee to execute written bids received less than 24 hours before the commencement of the sale. If two absentee bidders bid identical sums for the same lot, the first bid received shall take precedence.
6. The buyer of any lot shall, if requested, immediately notify his name and address to the auctioneer and if required,
  - (a) provide bank/or other credit references;
  - (b) pay the full purchase price, or a fractional deposit as may be determined at the discretion of the auctioneer.
7.
  - (a) Lots are sold as shown with all faults, imperfections and errors of description and lack of authenticity. Neither Baldwin's Auctions Ltd. nor the vendor shall give any warranty to any buyer in respect of any lot or be liable for any fault or error of description or lack of genuineness or authenticity of any lot. All statements as to items sold, whether made in catalogues, during the course of the auction or otherwise, are statements of opinion only and are not and shall not be taken to be statements or representations of fact. Baldwin's Auctions Ltd. reserve the right in forming their opinion to consult and rely upon any expert or authority considered by them to be reliable.
  - (b) Notwithstanding the foregoing, if any lot, other than a miscellaneous item not individually described in the catalogue, should be proved by the buyer to be not genuine or authentic, or to have been wrongly described in any material respect, the buyer may reject the same provided that he shall have given notice of his intention so to do and shall have returned the same to Baldwin's Auctions Ltd. within seven days from, and in the same condition as at, the date of sale. The onus of proving a lot to be not genuine or authentic or to have been so wrongly described shall lie with the buyer. Proof of the inability of any recognised expert or authority to express a definite opinion shall not discharge such onus. If the buyer shall discharge such onus, the auctioneers shall rescind the sale and repay to the buyer the price paid by him. Save as provided herein, Baldwin's Auctions Ltd. shall not under any circumstances whatsoever be liable for any costs, expenses or damages (whether direct, indirect, special or consequential) incurred by the buyer in respect of any lot, whether or not as a result of any fault, imperfection, error or description or lack of genuineness or authenticity, including but not limited to loss of any kind of profit whatsoever.
8. All lots are reserved at 80% of the lower estimate, with auctioneer's discretion.
9. Save as provided in the preceding paragraph of these conditions buyers must satisfy themselves as to the accuracy of their purchases at the time of delivery. Baldwin's Auctions Ltd. cannot be held responsible for any discrepancy which might be discovered after the lots have been removed from either the auction room or the auctioneers' premises.
10. Baldwin's Auctions Ltd. act solely as agents and shall not be responsible for any default by either the buyer or seller or for any action or claim which may arise in respect of any lot.
11. Each lot shall be held at the buyer's risk from the fall of the hammer. The lot or lots shall be removed by the buyer within seven working days after the date of the sale. Baldwin's Auctions Ltd. reserve the right to charge storage and to resell by auction or privately, without notice to the buyer, any lots not so removed.
12. Any part of the purchase price left outstanding after the auction pursuant to Condition 5 shall be paid in full within thirty days of the date of the auction. Without prejudice to any other rights, Baldwin's Auctions Ltd. reserve the right to charge interest on any overdue payment at the rate of three per cent per month. Seven working days' notice must be allowed for clearance of personal cheques before delivery can be made unless prior arrangements have been made with Baldwin's Auctions Ltd. A 4% surcharge will be applied to credit card payments.
13. Buyers accepting commissions from third parties do so at their own risk and will remain responsible to Baldwin's Auctions Ltd. for full settlement according to these conditions.
14. By making a bid the buyer acknowledges his acceptance of these Conditions and shall be bound by them.
15. If any buyer fails to comply with any of these Conditions, the lot or lots in respect of which the failure is made may at the discretion of Baldwin's Auctions Ltd. be put up again and resold. The damages recoverable from the defaulting buyer shall include, but not be limited to, the auctioneers' expenses and commission in respect of the resale and the amount (if any) by which the price obtained on the resale is exceeded by that obtained on the first sale.
16. A variation of these Conditions shall only be binding on Baldwin's Auctions Ltd. and the vendor if it is made in writing and signed by a duly authorised representative of Baldwin's Auctions Ltd.
17. These Conditions shall take effect and be construed in accordance with the provisions of English law.
